The Act

For the French market, the "triman" pictogram with sorting information is mandatory on all products covered by a sorting instruction since 01 January 2022.

The French AGEC law (anti-waste circular economy law) defines the use of "triman" sign and "sorting instructions" in its [application decree n°2021-385 of 29 June 2021](#).

The Extended Producer Responsibility (EPR) system

Definition of *producer*: The term *producer* refers to the first producer to market a product in France, i.e. the person who manufactures, imports or distributes a product under his own brand, for the first time on the national market. Resellers are not concerned.

Solutions offered by Créabox and its partners

For the cardboard packaging (case, ear box, shoe box, wrap, etc.)

- integrate signage into the graphic file (neutral cost)
- for neutral packaging, provide 1 printing color or apply an adhesive label

For fabric packaging (pouch, dust bag, shopping bag, tote bag, cover, etc.)

- sew a printed label inside the pouch or the bag

suggested label, 50x30 mm
